विषय:- PMKSY (प्रधान मंत्री कृषि सिंचाई योजना) के उद्देश्यों को प्राप्त करने हेतु IWMP (Integrated Watershed Management Project) एवं मनरेगा के बीच अभिसरण का कार्य योजना ।

प्रसंग :- ग्रामीण विकास मंत्रालय, भारत सरकार का पत्रांक F.No. 11017/17/2008-NREGA दिनांक 11.05.2015 ।

महाशय,

PMKSY के कार्यान्वयन हेतु IWMP एवं मनरेगा के बीच अभिसरण के लिये निम्नलिखित कार्य-योजना निर्धारित किया गया है:-

- वर्तमान में राज्य के 6 जिलों के 29 पिछड़े प्रखंडों (सूची अनुलग्नक-I में संलग्न) जहाँ IWMP का कार्य चल रहा है जो कार्य की अवस्था (work stage) तक पहुंच गया है तथा जिन्हे IPPE (Intensive Participatory Planning Exercise) में शामिल किया गया है, उन कार्यों को इस अभिसरण द्वारा क्रियान्वित कराया जायेगा । अपितु भविष्य में राज्य के अन्य सभी प्रखंडों में भी इस अभिसरण को कार्यान्वित किये जाने की योजना प्रक्रियाधीन है ।
- IWMP प्रखंडों में सिंचाई की क्षमता को बढ़ाने अथवा Existing irrigation potential स्थापित करने के उद्देश्य से मनरेगा एवं IWMP द्वारा निम्नलिखित रूप से coordinated action लिया जायेगा ।

क. इन प्रखंडों में सभी सिंचाई, watershed, water harvesting/conservation के कार्य जो IPPE के दौरान चिन्हित हैं किये गये हैं, उनकी सूची डाउनलोड एवं प्रिन्ट करने हेतु PO log-in पर उपलब्ध कराया गया है । इन कार्यों की सूची अनुलग्नक-II में उपलब्ध है ।

ख. कार्यक्रम पदाधिकारी इन कार्यों की सूची को प्रिन्ट करेंगे एवं IWMP के एजेंसियों के साथ संयुक्त बैठक कर इन कार्यों का क्षेत्र में संयुक्त सत्यापन हेतु कार्यक्रम बनायेंगे ।

ग. इन कार्यों के सत्यापन के दौरान इस बात की जाँच अवश्य कर ली जाय कि क्या ये कार्य IWMP परियोजना के DPR में पहले से शामिल हैं, जिसके लिये IWMP अंतर्गत राशि उपलब्ध है । ऐसा होने पर उन कार्यों को मनरेगा के सूची से हटा दिया जाय ।

घ. मनरेगा के shelf of project में सिर्फ ऐसे कार्य रहेंगे जो :-

- i. IWMP परियोजना के DPR में शामिल नहीं है ।
- ii. सिंचाई की क्षमता को बढ़ाने अथवा Existing irrigation potential स्थापित करने हेतु उपयोगी हो ।
- iii. परिणाम का साफ-साफ आकलन किया जा सके (सिंचित होने वाले क्षेत्र के सन्दर्भ में)

ङ. उपर्युक्त प्रावधानों के अनुसार तैयार किये गये सभी कार्यों के latitude-longitude के रिक्तों के द्वारा उन्हें geo-tagged किया जायेगा जिसका विवरण nregasoft पर अपलोड किया जायेगा । DoLR/NRSC द्वारा विकसित किये गये मोबाईल ऐप्लिकेशन 'Drishti' एवं 'Shrishti' का उपयोग किया जायेगा जहाँ पर ये कार्यरत हैं जिससे कि remote sensing द्वारा इन कार्यों का अनुश्रवण किया जा सके ।

च. संयुक्त अभ्यास के उपरांत मनरेगा के कार्यों के विवरण को nregasoft पर अद्यतन करने की व्यवस्था की जायेगी ।

3. संयुक्त सत्यापन द्वारा मनरेगा एवं IWMP द्वारा कार्यान्वयन हेतु चिन्हित किये गये सभी कार्यों को 2015-2016 में कार्यान्वित करने हेतु प्राथमिकता दिया जायेगा ।
4. इस पत्र के साथ बिहार जलछाजन विकास समिति (IWDS) द्वारा IWMP के अंतर्गत स्वीकृत परियोजनाओं की सूची संलग्न है । मनरेगा अंतर्गत IWMP की परियोजनाओं के labor component से संबंधित योजनाओं को पंचायत स्तर पर अन्य योजनाओं के साथ self of project में शामिल कर मनरेगा के मार्गदर्शिका के आलोक में कार्यान्वित किया जाना है ।
5. नोडल विभाग द्वारा प्रत्येक माह इन कार्यों की प्रगति, खर्च, गुणवत्ता तथा परिणाम का अनुश्रवण किया जायेगा ।
6. अनुरोध है कि जिला स्तर पर शिविर आयोजित कर अपने जिला के IWMP अंतर्गत शामिल प्रखंडों के सभी संबंधित पदाधिकारियों / कर्मियों को इस अभिसरण हेतु वर्णित उपरोक्त अभ्यास के लिये अभिविन्यास एवं प्रशिक्षण दिया जाय जिससे यह कार्य-योजना यथाशीघ्र तैयार कर भारत सरकार को उपलब्ध कराया जा सके ।

F. No. 11017/17/2008- NREGA
Government of India
Ministry of Rural Development
Department of Rural Development
(Mahatma Gandhi NREGA Division)

Krishi Bhavan New Delhi
Dated 11th May 2015

To
The Spl CS/Pri Secretaries/Secretaries of RD(in charge of MGNREGA)

Subject: Action plan for convergence of IWMP and MGNREGA for achieving the goals of PMKSY

Sir/Madam,

The scope and modalities of convergence between Integrated Watershed Management Project (IWMP) and the Mahatma Gandhi National Rural Employment Guarantee Scheme (MGNREGS) has been defined in the joint communication issued vide Ltr no 11017/17/2008- NREGA (UN) dated 14th August 2014.

2. The Prime Minister Krishi Sinchayi Yojana (PMKSY) is formulated to substantially increase irrigation potential in the rainfed areas and thereby increasing the productivity in agriculture multi-fold. It has been decided to converge the efforts of IWMP and MGNREGS for achieving the above goal of PMKSY. The detailed guidelines of PMKSY are being communicated separately.

3. The above matter has been discussed with selected States over a joint-video conference and the following action plan has been worked out for implementation of the PMKSY by converging MGNREGS and IWMP:

a) In (28) States covering (1023) backward Blocks having IWMP projects which have reached the 'work' stage, and which have been taken up for Intensive Participatory Planning (IPPE) by the Dept of RD would be taken up for convergence. The abstract of these Blocks is enclosed in **Annexure-I**. Details of these Blocks are available at Report 18.5 in the MIS reports.

b) In these Blocks there will be coordinated action by MGNREGA and IWMP for the purpose of increasing irrigation potential or for stabilising the existing irrigation potential. The coordinated action will unfold in the following manner:

i. In these Blocks, all irrigation, watershed, water harvesting/conservation works identified during the IPPE exercise in will be made available in the PO log-in for download and print by 15th May 2015. The list of these works is given in **Annexure-II**.

- 6)
- ii. The POs of these Blocks would need to print out the list of works and have a joint meeting with IWMP project agencies to formulate a programme for joint verification of these works on the field.
 - iii. During the verification of these works, it must be checked whether these works are already part of the DPR of the IWMP project for which funds are available under IWMP. If so, such works shall be deleted from the MGNREGA list.
 - iv. Only such works shall be retained in MGNREGA shelf which are:
 - a. Not in the DPR of IWMP project
 - b. Useful for creating irrigation potential or stabilise the irrigation potential
 - c. Outcomes can be clearly measurable (in terms of area that would be irrigated)
 - v. All such works which are finalised in the above manner shall be geo-tagged by recording the latitude-longitude of these works, details of which are to be entered in the NREGASoft. The mobile application developed by the DoLR/NRSC 'Drishti' and Shrishti' shall be used wherever they are functional so that these works can be monitored using the remote sensing.
 - vi. NIC will make arrangements for updating the MGNREGA works details in NREGASoft after completion of the joint exercise.
 - vii. This joint exercise shall be completed before 31st July 2015; and an Action Plan State-wise, District-wise, Block-wise report clearly showing the list of works, the expected outcomes and the estimated cost shall be prepared and presented for consideration and approval in the 1st week of August 2015.
- c) All works which are identified during this joint verification for execution by MGNREGA and IWMP will be prioritised in execution during 2015-16.
 - d) The progress of these works, expenditure, quality and outcomes should be monitored every month at the State level. NIC will deploy a report for this purpose.
4. All State Governments having these focus PMKSY Blocks are requested to take up orientation and training of the functionaries involved in the above exercise so that the Action Plans would be ready by 1st week of August 2015.

Yours faithfully

(R. Subrahmanyam)
JS, MGNREGS (RE-I)
